## Upcoming Meetings

The September General Meeting will be on **Saturday, September 27th.** Please see the announcement on page 4 for details.

Hot, Hot, Hot!!! Wow. 2/3 of the year gone. It has flown by & 2 months till the COOL show. Registrations & sponsorships have been flowing in. Russ C is doing an amazing job on the sponsorship end. Russ, thank you so much. Car show season is at a low end. Way too hot out there. Show season starts Oct 18 with 3 shows in the area.

Let's give the racing history a little break & start with some Pres bio.

Born in N. Wis Christmas eve 1952. Lived in a very small town, Haugen (pronounced howgan) Means dweller on the hill in Norwegian, Pop 286. Went to an 8 room schoolhouse until 6th grade. Only 3 of us in 1st, 2nd & 3rd grade. My 1st grade teacher was my Dad's 8th grade teacher. Mrs. Florence Sherman. A lady named Adeline Zelesky was our cook. Her meals were awesome! She cooked many ethnic meals & her golden brown rolls were the best. Many, many years later I seen her at our little hometown festival & thanked her for her great cooking.

Going to school was by foot or bicycle. About 1 mile each way. Many times, a detour to Grandma & Grandpas which sat on the lumber mill property. Grandma was a baker & her homemade goods were scrumptious. Miss her lefsa, bierocks, kolache, & cinnamon rolls. We would enter thru the back door & ask Grandma if she had any cookies. Most of the time yes but sometimes she would say yes, but they are store bought & not very good!

Had numerous jobs at the lumber mill from age 10-20. Made thousands of sticker to air dry lumber & piled tons of lumber each summer. Later years were hundreds of miles each day driving trucks delivering lumber & building materials.

High school was 7 miles away, bus early on then the old red truck sophomore on. Excelled in shop, woodworking, art, power mechanics. Snow skiing was my specialty. Lettered all 4 yrs. & was captain of the racing team as a senior. A few years ago, I searched out my 2 main teachers for those areas while in N. Wis thanked them for what they taught me. One was quite moved by the gesture.

Feb '73 had enough of the brutal N. Wis winters, high for the 2nd week in Feb '73 was -13 deg. Put all my belongings in a '62 Buick LeSabre & 26 hrs. later arrived in Stuart, Fla. Started the next day working construction laying concrete decks. The 1st building I worked on is on the corner of US1 & Kanner in the middle of Stuart. A Royal Castle once stood there.

Worked construction for many yrs. Built homes from the bare ground up in '79 & '80. Went through 4 years of carpentry apprenticeship from '73 -'77. Was involved in the union at that time with a '50 cent raise every 6 mos.

## President's Message, continued...

This type of work enabled me to build a show winning ISCA World of Wheels vehicle. A '74 Dodge B-100 1/2 ton van. Back in the day Stuart had a van club called Sailfish City Vans. Being the only secretary the club ever had we did many community events. The 4th National truck in was in Bowling Green, Ky. in '76. A must attend event with over 11,000 vans. That was a PARTY!!!

Lived in Stuart, Fla, Lakewood Park (Ft. Pierce), Pt. St. Lucie (a few different places), Worked on the very 1st building in Martin Downs in '79. Lived & worked in Jacksonville, Fla. leading the deck crew, Clearwater, Fla. again running the deck crew on the Countryside Mall in Dunedin, Rio, Palm City 3 different places. Lived behind the Amoco station on the corner off Mapp Rd. & Martins downs Hwy. for 6 years. Had a problem with an employer in '91 which caused a major problem with my house in Palm city. Char became my savior! Have been here on Leigh Ave for the last 33 years & have literally rebuilt the whole house & added a 2 1/2 car garage in the back yard. The shop / garage was where the furniture / cabinet business Strictly Custom was run out of for 34 yrs. It served me well & have done some business with TCVCC members.

During the 80's was involved with the Martial Arts, glass & mirror etching & canine Frisbee competition. My buddy Bleu (German Shepherd & Doberman mix, a \$10 special out of the Flashes shopping paper) placed 6 out of 7 states in '83, 1984 & '85 Fla. state Champion & '86 Ala. state Champion. He had more awards than I did with the show van!!

All take care, have safe last 1/3 of '25 & try to contribute to the COOL show by BAGI Be Active Get Involved, Thanks, Denny

### EDITOR'S NOTE:

# Secretary's Report

## Treasure Coast Vintage Car Club/AACA General Membership Meeting – August 23, 2025

**Dick & Molly Hoffman hosted our August club gathering.** A “Tip of the Hat” to Growing Hope Farms. They are accomplishing much! See their website for more information and be amazed. Next we enjoyed delicious food & socializing at Pirates Cove Resort & Restaurant.

**General Meeting.** President Denny Dahle called the meeting to order at 11:55 am.

**Guest:** Scott McGillivray brought Denise Thomas; Daughter Kimberly accompanied Ed & Barb Joyce.

**Secretary's Report:** Ann Ridle asked if there are any corrections for the previous General Meeting Minutes. None offered, motion made, approval passed.

**Treasurer:** Per Barb Joyce, “we have plenty of funds.” The annual fee for the storage is paid.

**Membership:** Sandee Searle reported we have 102 memberships representing 182 people. New members are Janice & Bill Keiser who have a 1964 Chevy Roadster Convertible Corvette 327.

**Newsletter:** Sally Franklin, Editor was absent. Stay tuned for her Newsletter where maybe Dave & Amy Brown will share “Hot-August-Nights” stories.

**Website:** Bob Ridle, Web Master, “The Website is up to date with all the documents available for the Cool Car Show.” Don't forget to send photographs to Web Master Bob.

**Special Events:** President Denny Dahle pointed out a number of upcoming events. Details are to be found on the club Website and in the Newsletter.

### **Committees:**

**Club Store:** In Rosemary's absence, Mary Ann and Richie Arnone modeled their new TCVCC shirts purchased from “The Club's Store” at Land's End Outfitters. See the Website and/or the Newsletter for login information.

**Legislative:** Jay Smith said nothing changed in the last month for “Old Cars”.

**Sunshine Report:** Rosemary Rayman was absent.

**Sargent at Arms:** From John DeLisa, “The Doors are locked tight. The rent is paid and renewed for another year.”

**Cool Car Show:** Russ Caterinichcio gave his update. We have seven Sponsorships so far for this year's show. Now is the time to “rein in” the finishing touches on those who committed and “reel in” those who have been “on the fence.” Russ shared local television stations may be attending and doing some on-air reporting. Likely one more meeting before the show ... time & location TBA.

**Old Business:** None

**New Business:** None

**Next General Meeting: September:** Frank LoVerso & Lynn Larsen are preparing for September's meeting. We are visiting Martin County Model Railroad Club's extensive display. Detailed information is now on the Website.

There being no further business, today's meeting was adjourned at 12:08 p.m.

Respectfully Submitted, Ann Ridle, Secretary

**P.S.: And a Sneak Look at October's meeting:** An Auction and something different: Bob Ridle will serve as the Auctioneer this time. One person's junk is another person's treasure! So clean out your stacks, corners, bring to contribute to TCVCC's auction at the October's General Meeting. You might find a treasure to take home. I can't wait to see Bob in action; he should be funny! Sign me, “the wife.”

# Hot August Nights Report

## “I Don’t Care” Tour 2025

by Dave Brown

The 2025 edition of Hot August Nights began like many of the past tours. We left earlier than some past tours, but everyone was at Captains galley even BEFORE the tour leaders!

We got on the road at 7:30 and headed north on A1A. Traffic was light and the drive was very peaceful and serene. Panic set in when the restroom doors were locked at our first stop. But we managed to ad lib another stop a few miles up the road for our needs. We arrived at the American Space Museum in Titusville.

Very interesting visit, with a complete control room that was right out of the 50s and 60s. We forget just how primitive technology was during those early years. Hats off to our early space pioneers!

From the Space Museum we had lunch at

the Moonlight Diner, a very 50s diner complete with curb service if you desire. But our old group preferred to eat inside with the A/C. Lots of burgers, fries and footlong hotdogs were consumed.

After our lunch were toured to Blue Springs State Park and a VERY refreshing dip in the 72 degree water of one of Florida’s many natural springs. Only about half of our group dared the plunge!

We then continued on to the Deland Hampton for snacks and drinks at the pool. From there we strapped on our food bags and dined at The Perfect Spot Restaurant and bar.

Friday morning we took a very short drive to the Gillespie Museum at Stetson University. Who would have thought that a bunch of rocks would be so interesting. 15,000 specimens from all over the world.

After the Gillespie Museum we headed to our lunch at Drifters Riverfront in Astor. You just can’t keep this group away from food, no matter what time of day.

## Hot August Nights continued...

After lunch we attempted to enter Silver Glen Springs but lightning was in the area and swimming was closed until the threat passed. So we did likewise and passed. Florida's springs have become much more popular and crowded. If you don't get there early they fill to capacity and do not allow anymore entrance. So we licked our wounds and found a place for ice cream, and then back to the Hampton.

Dinner on Friday was a real treat. We ate at Cook's Buffet Café and Bakery in DeLand. It has been a family Tradition since 1959 and a great meal and a friendly atmosphere.

Saturday morning we got a very late departure

at 9:30. Now this time was planned, as the Enterprise museum didn't open until 10:00. Don't get used to this! We spent a short time at the small but interesting museum and then drove to a highlight. The DeBary Hall. Frederick DeBary made his fortune importing wine. The Hall also was a popular vacation house amongst his wealthy friends who loved to hunt and indulge in outdoor sports.

After lunch at Blue Springs Brewing we again attempted another spring, but again very threatening weather turned us away and again to search for ice cream, which of course we found. This group has a nose for ice cream! In fact, Curt Francisco has admitted he now has a love affair with Culvers Ice Cream that was across the parking lot from the hotel.

Sunday morning we headed for home, with only lunch at Long Doggers on Cocoa Beach, followed by ice cream at the Beachside Creamery, which unfortunately was not open. But not to worry. This group sniffed out another shop, Beaches & Cream. And just like that, all was good with the world.

The 2025 edition of Hot August Nights was perhaps our smallest group, but it was still energetic and enthusiastic. 10 members participated, driving 5 antique cars. Mike Searle and Curt Francisco traveling stag, toured together in Mike's 1955 Chevy Sedan Delivery, forever to be known as the "Pie Wagon", as in the movie Hollywood Knights. Now we all admit the membership is getting older, as evidenced by all 5 cars having HANDICAP PLACARDS! But still, we travelled well and had a great time. So next year, why don't you consider joining in on the fun.

## Our August Meeting and a Call to Action

Our August meeting, planned by Dick & Molly Hoffman, was a very interesting tour of the hydroponic Growing Hope Farm run by House of Hope. We learned about one aspect their mission to help impoverished families in Martin County by providing healthy diet counseling and then distributing packages of organic fruits and vegetables, such as lettuce, cucumbers, tomatoes, broccoli, cauliflower, strawberries, various herbs, and orchard produce, like bananas, plantains, avocados, mangos, guavas, melons, to feed their client-families and supply local soup kitchens.

They turned a dream of helping to improve health issues like diabetes, obesity, and high blood pressure of at-risk families, into a reality with the help of hundreds of volunteer hours and community financial support; all this on just one quarter acre of land. We had an excellent Club turnout for the tour followed by our own lunch at Pirate's Loft.

We encourage you to attend September's meeting; details are in our award-winning newsletter and on our award-winning website. Come to the meeting and ask Sally Franklin and Bob Ridle about their awards! We're waiting to welcome you.

A donation of \$300 was given to the House of Hope by the Club, presented by Dick and Molly.

The COOL Show planning team is still inviting all members to support your COOL Car Show by asking your favorite restaurant or business for a gift card/certificate or donating a door prize yourself. Sponsorships are always welcome too. Our COOL Show beneficiary this year is the Road to Victory Military Museum in Stuart, which is located next to our Show-grounds. Wouldn't it be an exciting "Victory" if all 102 member-families offered their time, donated a door prize, or obtained a sponsorship for the Show! Please contact one of our COOL Co-chairs for more information or to volunteer: Russ Carterinicchio, 970.819.8611, or Chris Levy, 412.310.1959. Sponsor forms are available on the Club website: <https://treasurecoast.aaca.com>. Thank you in advance for your participation in YOUR Club!

Let's hit the road...

### Cars of Central Europe May 2025

By Andre Rayman

We were fortunate to be able to take a nice tour of Central Europe that included Poland, Hungary, Austria, Slovakia and the Czech Republic.

As with any journey to Europe I am always on the look out for cats or American Iron. On this trip, both were particularly difficult to spot.

On one past trip to Talinn, Estonia, I actually saw an old 1968 Pontiac Catalina parked in the downtown. It was looking tired, but when I checked Google Earth Street view, it was visible there.

In Warsaw, Poland we spotted this 1934 Cadillac 355D Series 30 Fleetwood 7 passenger limousine. This car belonged to the “father of Polish independence Marshal Jozef Pilsudski. It participates in the annual independence day celebration on November 11. The car was specially commissioned and had bullet proof windows. It is surprising that the car survived ww2 and did not become a trophy

for the Nazis, however authorities escaped with it to Romania. It returned to Poland during the communist era, and its original owner was so hated by the communist that it was used for target practice.

It is now on permanent display in front of the presidential palace.

Last year in Vienna, Austria we saw a number of these running around. As best as I can tell, they are a combination of custom body work made to look like an antique car, but using the running gear of some type of electric golf cart. This one looks like it could seat 5 passengers and the driver. As the day was a bit drizzly, the top was up. Our tight schedule again prevented us from taking a ride.

### Cars of Central Europe May 2025, continued...

In Prague, Czech Republic, we encountered this concession. Again the body work is made to look like an antique, but this one has gas powered running gear and of course is a stick shift. 80eu for 4 people for 40 minutes for a tour around the city seemed like a good deal, and after having been denied 2 other times, I implored my fellow travellers to give it a try which they did grudgingly. But when it was said and done, they enjoyed the freedom of convertible life without having to navigate the cobblestone streets, tram cars, buses, cars, tourists, horse drawn carriages and pedestrians of the city.

To the left you can see the gear shift and pedal setup. I can personally attest to it's quickness and good brakes as they were both tested as the driver worked his way through the traffic. Yes, it had seatbelts, and they were mandatory. It also had a soft top which was up due to rain, but had been put down just before we arrived on the scene.

During the course of our tour in Prague, I saw this vehicle that was being used by a hotel for publicity purposes. I don't know if it is old or new as we were moving fairly quickly. If I was guessing, it looked like an old paddy wagon. Maybe someone can identify it

Riding around in a classic appearing car in Prague is obviously a big deal, as there is a line of them waiting for the tourist \$.

These seem like they would be a lot of fun to just run around town in, but I could not easily find the manufacturer.
